

MANITOS COMMUNITY MEMORY PROJECT

ABUELOS

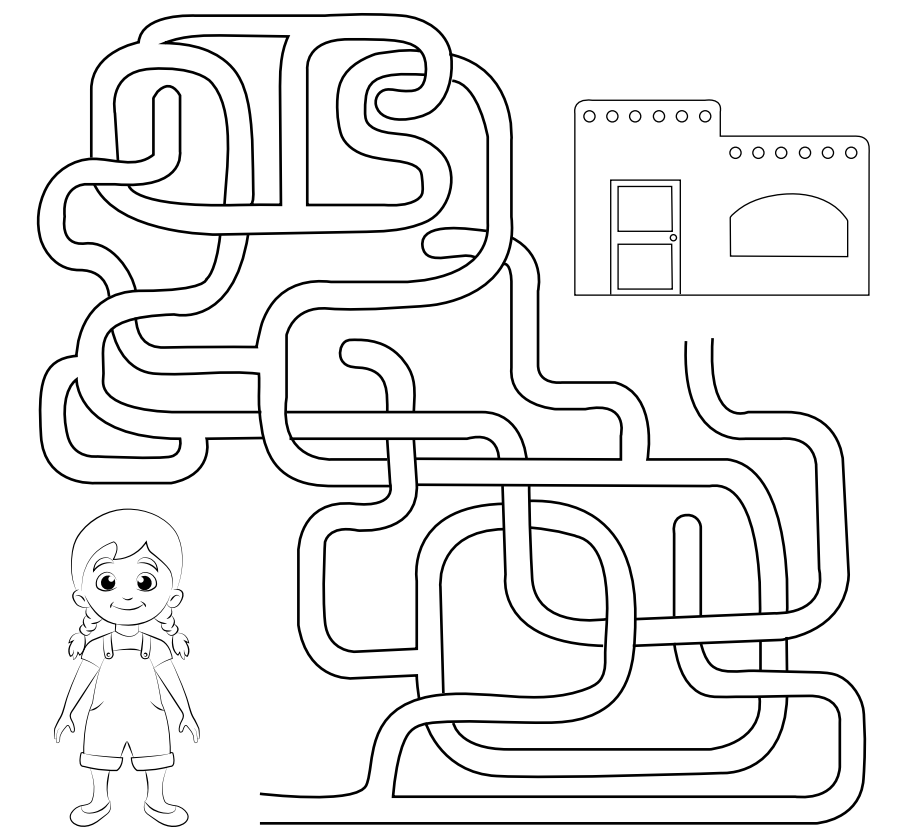

As protectors of culture, grandparents often pass their knowledge and wisdom onto the next generations, keeping it alive.

Como protectores de la cultura, los abuelos transmiten su conocimiento y sabiduría a las próximas generaciones, manteniéndola viva.

Help Marisol get to her grandparents house so she can help cook dinner.

Ayuda a Marisol a llegar a la casa de sus abuelos para que pueda ayudar a su abuela preparar la cena.

Inspired by the living culture of northern New Mexico and southern Colorado, the Manitos Community Memory Project is focused on building an archive of stories, photos and more.
