

MANITOS COMMUNITY MEMORY PROJECT

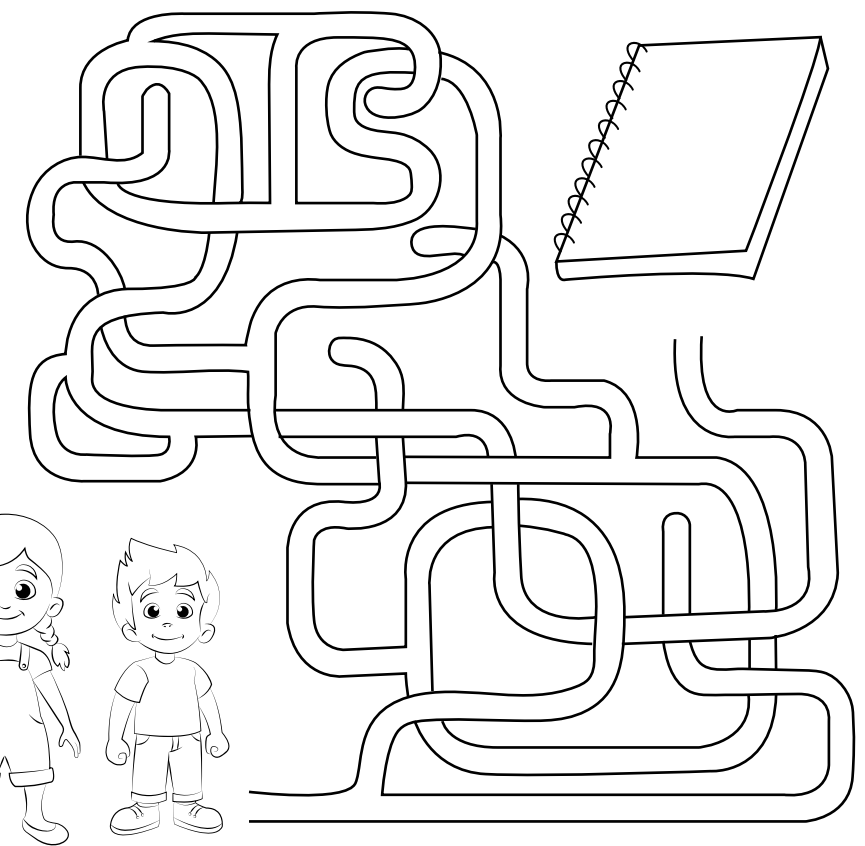

Drawing upon an ancient tradition of making sense of the world, storytellers gather tales and share them, entertaining and providing guidance to those who listen.

Basándose en una antigua tradición de dar sentido al mundo, cuentistas reúnen cuentos y los comparten, y entretienen y brindan orientación a quienes escuchan.

Help Marisol and Samuel get to the storyteller so they can tell him the stories their grandma told them.

Ayuda a Marisol y Samuel a llegar al cuentista para que puedan contarle los cuentos que su abuela les contó.

Inspired by the living culture of northern New Mexico and southern Colorado, the Manitos Community Memory Project is focused on building an archive of stories, photos and more.
